RULES OF BOTH HOUSES OF PARLIAMENT  
RESPECTING THE  
LIBRARY OF PARLIAMENT.

A proper Catalogue of the Books belonging to the Library shall be kept by the Librarians in whom the custody and responsibility thereof shall be vested ; and who shall be required to report to the Houses through Mr. Speaker, at the opening of each Session, the actual state of the Library.

No person shall be entitled to resort to the Library during the Session of Parliament except the Governor General, the members of the Privy Council, and of the Senate and House of Commons, and the Officers of both Houses, and such other persons as may receive a written order of admission from the Speaker of either House. Members may personally introduce strangers to the Library during the day-time, but not after the hour of seven o'clock, P.M.

During a Session of Parliament no books belonging to the Library shall be taken out of the building, except by the authority of the Speaker or upon receipts given by a member of either House.

During the recess of Parliament, the Library and Reading Room shall be open every day in each week, Sundays and Holidays excepted, from the hour of ten in the morning until four in the afternoon ; and access to the Library shall be permitted to persons introduced by a member of the Legislature, or admitted at the discretion of the Librarians ; subject to such regulations as may be deemed necessary for the security and preservation of the collection ; but no one shall be allowed to take any book out of the Library except members of the Legislature, and such other as may be authorized by the Speaker of either House.

During the recess of Parliament, no member of either House not residing at the seat of Government, shall have liberty to borrow or have in his possession at any one time more than three works, from the Library, or to retain the same for a longer period than one month.

No other person who may be privileged by card, by the Speaker of either House, to borrow books, from the Library, shall be allowed to have in his possession more than two books at any one time, or to retain the same longer than three weeks, and all such persons shall return the books so taken when required by the Librarians.

No books of reference or books of special cost and value may be removed from the seat of Government under any circumstances.

At the first meeting of the Joint Library Committee at every Session of Parliament, the Librarians shall report a list of the books absent at the commencement of the Session, specifying the names of any persons who have retained the same in contravention of either of the foregoing Rules.

RÈGLEMENTS  
CONCERNANT LA  
BIBLIOTHÈQUE.

Un catalogue des livres de la Bibliothèque est tenu par les Bibliothécaires qui en ont la garde et la responsabilité ; ils doivent faire rapport à la Chambre, par l'entremise de M. l'Orateur, à l'ouverture de chaque Session, de l'état dans lequel se trouve la Bibliothèque.

Aucune personne ne peut avoir accès à la Bibliothèque, pendant les Sessions du Parlement, si ce n'est le Gouverneur Général, les membres du Conseil Privé, ceux du Sénat et de la Chambre des Communes, les Officiers des deux Chambres, et toute autre personne qui obtient un billet d'admission de l'Orateur de l'une ou de l'autre Chambre. Les membres peuvent en personne introduire des étrangers dans la Bibliothèque pendant le jour, mais non après sept heures P.M.

Pendant les Sessions du Parlement aucun livre de la Bibliothèque ne peut être emporté de l'édifice, excepté sur l'autorisation de l'Orateur, ou lorsqu'un membre de l'une ou de l'autre Chambre en donne un reçu.

Pendant la vacance du Parlement la Bibliothèque et la Chambre de Lecture sont ouvertes tous les jours de chaque semaine, excepté les dimanches et jours de fête, depuis dix heures du matin jusqu'à quatre heures de l'après-midi ; et la Bibliothèque est ouverte aux personnes introduites par un membre de la Législature, ou admises à la disposition des Bibliothécaires, sujettes aux règles qui sont jugées nécessaires pour la sûreté et la conservation des livres, mais il n'est permis à qui que ce soit, si ce n'est aux membres de la Législature et aux autres personnes ayant l'autorisation de l'Orateur de l'une ou de l'autre Chambre, d'emporter un livre hors de la Bibliothèque.

Durant les vacances du Parlement, aucun membre de l'une ou de l'autre Chambre, ne résidant pas au siège du gouvernement, n'aura le droit d'emprunter ou de garder en sa possession plus de trois ouvrages à la fois ; en outre, il ne devra pas les garder plus d'un mois en sa possession.

Aucune des personnes ayant le privilège — sur la foi d'une carte du président de l'une ou de l'autre Chambre, — d'emprunter des livres à la Bibliothèque, ne pourra avoir en sa possession plus de deux ouvrages à la fois ou les garder plus de trois semaines, et toutes ces personnes devront remettre les livres ainsi empruntés, lorsqu'elles en seront requises.

Aucun livre de référence, aucun ouvrage de luxe et de prix ne pourra être emporté du siège du gouvernement pour aucune considération.

A chaque Session du Parlement, les Bibliothécaires devront, à la première assemblée du comité mixte de la Bibliothèque, soumettre une liste de tous les livres qui n'ont pas encore été remis au commencement de la Session, en spécifiant les noms des personnes qui auront gardé ces livres contrai-rement aux règles qui précédent.

In addition to the foregoing rules, the Joint Library Committee have agreed to the following New Rules, to which the attention of persons frequenting the Library, or making use of any books belonging thereto, is specially requested.

1. It is strictly forbidden to make any mark, by pencil or otherwise, in any books belonging to the Library, or to turn down leaves therein, or otherwise deface the same.
2. No person (other than a member of Parliament) is permitted to have access to any of the Galleries surrounding the Library, without the express permission of the Librarian or unless accompanied by an officer of the Library.
3. No visitor shall be permitted to remain in the Library with his hat on; nor will smoking, or spitting on the floor or carpet be permitted, in any of the Library apartments.
4. No audible conversation will be allowed in the reading room: nor shall any person be permitted to partake of refreshments therein; and no dogs shall be allowed in the Library.

Outre les règles qui précèdent, le Comité de la Bibliothèque a recommandé l'adoption des règles suivantes, dont les personnes qui fréquentent la Bibliothèque, ou font usage des livres qui la composent, sont priées de prendre connaissance:

1. Il est strictement défendu de faire aucune marque, au crayon ou autrement, dans un livre appartenant à la Bibliothèque, d'en plier les feuilles ou de le défigurer d'aucune autre manière.
2. Personne, à l'exception des membres du Parlement, ne pourra monter dans les galeries sans la permission expresse du bibliothécaire, ou sans être accompagné de quelque employé de la Bibliothèque.
3. Aucun visiteur ne pourra garder son chapeau sur sa tête; personne ne pourra fumer, ni cracher sur le parquet ou le tapis d'aucune des chambres de la Bibliothèque
4. On ne pourra converser à haute voix dans la chambre de lecture; on ne devra pas non plus se permettre d'y manger. On ne laissera pas entrer de chiens dans la Bibliothèque.

# REPORT

OF THE

JOINT LIBRARIANS OF PARLIAMENT

## REPORT OF THE LIBRARIANS FOR 1902.

*To the Honourable the Speaker of the Senate :*

*To the Honourable the Speaker of the House of Commons :*

The Joint Librarians of Parliament have the honour to report as follows for the year 1902.

The occurrence of the Coronation of the King called forth a number of descriptive volumes, from which a selection was made that will serve as a historical record.

The conference of Colonial public men in London occasioned a good deal of discussion in the press. A collection of the articles of the chief London papers was made for the use of members in the Library.

In view of the interest likely to be taken by Parliament in the subject, the papers relating to the conferences of 1887, 1894 and 1902 have been brought together in volumes for reference.

The recurrence of the discussion on the subject of the Alaskan Boundary has suggested the preparation of lists of recent studies on the question. In the absence of any authoritative history of the subject, the Library catalogues can respond, at least, to any reasonable demand for recent information.

Such papers as have been published regarding the negotiations between Newfoundland and the United States have also been provided.

The appointment of a Commission to revise and consolidate the statutes has suggested the preparation of a collection of the principal reports on the subject of revision and consolidation that have been made in England during many years past.

The unsettled state of the copyright law has suggested a like preparation of such Imperial reports.

The reports and returns regarding telephone control in Great Britain have also been collected in volumes for use in the Library.

The revised statutes of the United States and of the various separate states have been brought up to date as far as the means of the Library would permit during the year.

The Business Annua's, reports of Boards of Trade and Chambers of Commerce and the usual statistical compilations have been provided so far as they have been issued. There is an increasing tendency to delay the issue of such things in order to include as much as possible in the compilation.

# RAPPORT DES BIBLIOTHÉCAIRES POUR 1902.

*A l'honorable Président du Sénat :*

*A l'honorable Président de la Chambre des Communes :*

Les bibliothécaires conjoints du parlement ont l'honneur de présenter le rapport suivant pour l'année 1902 :—

Les cérémonies du Couronnement du Roi, au cours de l'été dernier, ont donné lieu à la publication d'un grand nombre de volumes qui les décrivent et parmi lesquels on a fait un choix pour constituer un document historique sur cet événement.

La réunion de plusieurs hommes publics à Londres en conférence coloniale a provoqué beaucoup de discussions dans la presse, et les articles des principaux journaux de Londres qui y ont pris part ont été réunis pour l'usage des membres du Parlement à la bibliothèque.

En prévision de l'intérêt que le parlement portera probablement à cette question, les documents concernant les conférences de 1887, 1894 et 1902 ont été réunis et mis en volumes pour qu'on puisse les consulter.

La reprise de la discussion sur les bornes de l'Alaska a suggéré la préparation d'une liste des dernières études ayant trait à cette question. En l'absence de toute histoire autorisée de cette affaire, les catalogues de la bibliothèque pourront cependant mettre sur la piste des renseignements récents relatifs à l'Alaska.

On trouvera aussi à la bibliothèque les documents se rattachant aux négociations engagées entre Terreneuve et les États-Unis.

Il a semblé à propos, vu qu'une commission a été nommée pour réviser et refondre les Statuts du Canada, de réunir les principaux rapports publiés en Angleterre pendant un bon nombre d'années sur la révision et la refonte des lois.

Les rapports du parlement Impérial sur la question encore pendante de la propriété littéraire ont été aussi réunis.

Une mesure analogue a été prise à l'égard de la question du contrôle du téléphone dans la Grande-Bretagne.

La bibliothèque s'est procuré, autant que ses moyens le lui ont permis, les plus récentes éditions des Statuts revisés des États-Unis et aussi ceux des divers États.

Les différents annuaires de commerce, les rapports des bureaux et des chambres de commerce et les travaux de statistiques les plus récents se trouvent aussi sur les rayons de la bibliothèque. La publication de ces annuaires est souvent maintenant retardée afin qu'on puisse y inclure le plus de documents possible.

Owing to the generally awakened interest in the affairs of the Empire at large, the Library has, after a necessarily long correspondence, been able to procure a collection as complete as possible, of the laws, reports and gazettes of the following outlying parts of the Empire :—

*From the British of South African Company :*

- Reports of Administration of Rhodesia, 1889-1901.
- Rhodesia Illustrated, 1889.

A raison de l'intérêt général qui s'éveille sur les affaires de l'Empire, les bibliothécaires ont réussi, à la suite d'une correspondance prolongée, à se procurer une collection aussi complète que possible des lois, des rapports et des journaux des parties éloignées de l'Empire dont les noms suivent :—

There is probably no part of the Empire with any form of organization which is not now represented, by its official publications, on the shelves of the Library.

The acknowledgement of all these, their arrangement on the shelves, their entry on the catalogues and the transmission of proper exchanges, necessarily adds to the routine work of the staff.

When to these are added the official publications of the United States and a large number of the separate states, besides the Australian Federation and the separate Australian Colonies, New Zealand and India, it will be observed that—apart altogether from the general accession of books purchased by the librarians—the library staff is fully employed all the year round, and still more largely occupied during the session.

The large demands made by the librarians on the Printing Bureau for extra documents to send, in exchange, throughout the colonies, have been most cheerfully and promptly responded to by the King's Printer.

During the recess a very necessary work was accomplished in re-arranging the books stored over the Reading Room. These had increased in number from 4,000 to 15,600 and it was necessary to handle them all for the purpose of convenient placing and classification.

The librarians are indebted to the Department of Public Works, and especially to the chief architect, for prompt and essential aid in providing the large amount of shelving required and for practical suggestions in regard to the lighting of the gallery and to convenient access to the shelves.

Among the purchases of the year may be specially mentioned the following additions to the collection of Provincial Records and Laws :

• *Du gouvernement de l'Ile Maurice :*

Ordonnances, 1897-1901. 4 vols.

Jugements de la Cour Suprême, 1896-1901. 3 vols.

Liste civile, 1900.

*Du gouvernement des Etats Fédérés de la Malaisie :*

*Du gouvernement de Perrak :*

*Du gouvernement de Trinidad et Tobago :*

Rapport sur l'éducation, 1901-1902.

*Du gouvernement de l'Australie Occidentale :*

Procès-verbaux du gouvernement 1901-1902. 4 vols.

Débats du parlement, tomes 19-20.

Lois, 1900-1902.

Statistiques, 1900.

Il est probable que toutes les parties de l'Empire, jouissant d'une organisation quel conque, sont maintenant représentées par leurs publications officielles sur les rayons de la bibliothèque.

Accuser réception de tous ces documents, les classifier, les enregistrer dans les catalogues et envoyer, à titre d'échanges, des ouvrages du même genre, a augmenté nécessairement la besogne journalière du personnel du département. Si à ce travail on ajoute celui que donnent les documents officiels des Etats-Unis et d'un grand nombre des différents Etats, ceux de la confédération Australienne et des colonies de l'Australie séparément, de la Nouvelle-Zélande et des Indes, on remarquera que le personnel de la bibliothèque qui doit aussi s'occuper de tous les autres ouvrages achetés par les bibliothécaires, est bien occupé toute l'année et surtout durant la session.

Les nombreuses demandes faites par les bibliothécaires au bureau de l'Imprimerie pour obtenir des documents supplémentaires, nécessaires aux échanges avec les autres colonies, ont été bien accueillies par l'imprimeur du Roi, qui y a fait droit très promptement.

Durant la vacance les ouvrages qui se trouvent au-dessus de la chambre de lecture ont été classifiés de nouveau ; depuis quelques années leur nombre avait été porté de 4,000 à 15,600, il était devenu nécessaire de les coordonner et de les placer d'une façon plus commode.

Les bibliothécaires doivent des remerciements au département des Travaux publics, surtout à son premier architecte qui s'est empressé de leur procurer un grand nombre de nouveaux rayons d'un accès facile et de ses excellents conseils relativement à l'éclairage de galeries.

Parmi les acquisitions de l'année, il importe de mentionner les ouvrages qui suivent, ajoutés à la collections des lois et documents provinciaux.
